

Onsite Consulting Services Target Analysis \$1,350.00 (USD)

This One Day On-Site Program is designed to analyze an already identified problem or concern of the organization. The concern or problem is normally identified by vendors, their staff consultants or representatives, or by your management itself. Often paint and materials profitability, production bottlenecks, technology implementation, market analysis for expansion, and accounting systems are very common areas this program addresses.

This analysis includes a Summary Meeting with the Owner or designated Manager at the end of the session to review the problems or concerns. During this meeting information gathered and suggested actions will be discussed. A Summary will follow to reinforce the actions agreed upon and to reiterate the analysis ideas.

This package entitles you to take advantage of the following products and services:

- ◆ 1 day of on-site consulting (excludes all travel expenses)
- ◆ Summary On-Site Meeting to review findings and discuss solutions
